

June 29th 1939

Tommy & cars. I tried to get you on
the phone on Tuesday & Wednesday but both
times your office was engaged. Not hearing
from you I thought the meeting on Wednesday
evening was off. Miss Kingston told me
later that it was to be held but as I
had arranged to go home in the evening. I
had to leave. I am enclosing copy of the
report you sent me. I certainly think it
a right & proper report. It is your job & your
duty to report fully on the organization and
as Chief Executive officer to express your views
& tender advice. I may be seeing you in
the City one day next week.
all best wishes
